

IR  LLI

# COMPANY PROFILE

---

# LEADING THE FUTURE OF INNOVATION

# WHO WE ARE

IRULLI is a Saudi Arabian company that began its journey in 2005 as an ambitious idea to revolutionize industries and make a lasting impact. Officially registered in 2009, IRULLI has since emerged as a trusted leader in Technology, Railways, Energy and Services. Recognized for its rapid growth and unwavering dedication to excellence, IRULLI holds a prestigious ranking under the contractor classification and is a proud member of the Saudi Contractor Authority.

With a team that has quintupled since its inception, IRULLI balances the experience of seasoned professionals with the innovative energy of young talent. Today, 35% of its workforce comprises engineers and university graduates, all united by a commitment to deliver outstanding results. Through strategic partnerships with global leaders and a dedication to continuous improvement, IRULLI is shaping the future while staying firmly rooted in its core values.

# WHAT WE DO

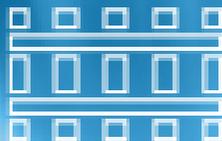

# ENERGY

IROLI leads the way in designing, supplying, installing, and developing both conventional and renewable energy systems. Key highlights include:

- **IROLI** offers various conventional power solutions, including UPS systems and the EPC of diesel generators including rental services.
- **Solar Power Expertise:** Collaborations with Tier 1 manufacturers to deliver medium to Large-scale installations for banks, malls and universities including Solar System design and engineering, installation, and Maintenance.
- **Solar energy storage solutions:** Providing and installing solutions for battery storage.
- **Solar generation developer:** offers comprehensive solutions for solar power installations.

# RAILWAYS

As a cornerstone of Saudi Arabia's railways infrastructure development, IRLLI specializes in:

- **Operation and Maintenance** of railway network and machinery.
- **Supply:** We Provide a wide range of rail products, materials, systems, applications, tools and equipment including supply of rolling stock and spare parts, infrastructure maintenance machinery, workshop machinery and equipment, railway signaling and telecommunication equipment, control and security systems.
- **Maintenance:** Major/Minor repair, refurbishment, partial or entire overhauling and maintenance of rolling stock, tracks, equipment and Yellow Machines, tracks, turnouts, and railway infrastructure, signaling and telecommunications
- **Operation:** Passenger and freight services, Yellow Machines, workshops as well as traffic management through operating the Signaling and telecommunication systems.
- **Construction:** Substructure and superstructure of railway track, maintenance facilities

# SERVICES

IFOLLI offers comprehensive civil engineering and landscaping solutions, including:

- **Civil Work:** Precision-driven execution of major infrastructure projects.
- **Landscaping & Pest Control:** Collaborations with global experts like Rentokil and IPM Solutions for sustainable solutions.
- **Renovation & Maintenance:** Tailored services designed to meet clients' specific needs and preferences.

# TECHNOLOGY

Pioneering innovation in IT, telecom, and road traffic safety, IRDLI excels in:

- Design and implementation, advisory services, license sales and renewals, professional services, and IT infrastructure.
- **Intelligent Traffic Systems:** Developing state-of-the-art road safety and traffic management solutions, including Data Transmission Networks, and telecom equipment
- **Cybersecurity and Network Management:** We collaborate with industry leaders like Haveli to provide cutting edge solutions.
- **IT Consulting:** Strategic consulting to align IT initiatives with business objectives.

# MISSION

To be a global leader in innovation, delivering world-class solutions that drive progress and create sustainable value for generations to come.

&

# VISION

We aim to revolutionize industries through cutting-edge technology, unparalleled expertise, and a steadfast commitment to customer satisfaction. Our mission is to collaborate, innovate, and deliver solutions that exceed expectations while upholding our core values of integrity, excellence, and sustainability.

# VALUES

At IROULLI, our operations are guided by six fundamental values:

## INTEGRITY

Acting with transparency and ethical responsibility in all endeavors.

## INNOVATION

Continuously pushing boundaries to deliver state-of-the-art solutions.

## EXCELLENCE

Striving for perfection in every project and partnership.

## CUSTOMER SATISFACTION

Ensuring our clients' needs are at the heart of all we do.

## TEAMWORK

Fostering a collaborative culture to achieve shared goals.

## CONTINUOUS IMPROVEMENT

Embracing feedback and evolving to remain industry leaders.

# OBJECTIVES

- **Maintain a Competitive Advantage:** We continually innovate and adapt to stay ahead in the market and lead in our industry.
- **Anticipate Our Clients' Needs:** We proactively understand and address the evolving needs of our clients to build lasting partnerships.
- **Foster a Fair and Creative Work Environment:** We create an inclusive and collaborative culture that encourages creativity and personal growth.
- **Respect Ideas and Hard Work:** We value and honor the dedication, ideas, and contributions of every team member, driving our collective success.

## LEADERSHIP WORD

# ENG. MANSOUR AL MOBTY

## CEO

“ I am pleased to welcome you to IROLI, a proud beacon of excellence and innovation since our journey began in 2005 and our formal establishment in 2009. Over these transformative years, IROLI has grown from a bold vision into a leading force across technology, railway, energy, and services. This remarkable journey of growth and achievement reflects our steadfast commitment to quality, relentless innovation, and the creation of enduring sustainable value.

”

ENG. MANSOUR AL MOBTY

LEADERSHIP WORD

JOSEPH MOUSSA  
MD

“Our exceptional growth and success stand as a testament to our steadfast commitment to excellence and customer satisfaction. We are driven by a collective passion for teamwork, a relentless pursuit of continuous improvement, and a forward-thinking approach that embraces innovative technology and ongoing research. These core principles empower us to not only meet but exceed expectations, setting us apart as leaders in our industry.”

JOSEPH MOUSSA

# QUALITY MANAGEMENT

We are certified under **ISO 9001:2015**

# HEALTH, SAFETY, AND ENVIRONMENT (HSE)

We adhere to **ISO 14001:2015** and **ISO 45001:2018** (Occupational Health and Safety) standards.

# OUR BUSINESS LINES

IROLLI is proud to be a part of a diversified group of Business Lines, each excelling in its respective domain. Together, we provide a comprehensive suite of services that cater to various industries and needs. In the following sections, we will delve deeper into the unique capabilities and achievements of our four key Divisions:

IRLLI

السكة الحديدية | ايرولي  
Railways |

**YOUR  
RELIABLE  
PARTNER..**

---

# WHO WE ARE

IRROLL Railway Services is a leading innovator in Saudi Arabia's railway and infrastructure. Since our establishment in 2009, we have specialized in providing cutting-edge railway services and applications. Recognized as a multi-classified contractor by the Saudi Contractor Authority and certified by the Ministry of Transport, we have earned our reputation as a trusted and reliable partner in the industry.

# CORPORATE

**IROLLI** launched its railway activities in 2005 and registered as a Saudi company in mid- 009 with commercial register No.

140654 classified in multiple activities related to Railways under Contractor Classification R /# 19634, in addition to membership with Saudi Contractors Authority R /# 111211121.

**IROLLI** has been rendering its outstanding services in Railway sector since it came into existence. It has accomplished several railway projects in various eminent technical, administrative, engineering and Supply Chain Management dimensions.

# OUR SERVICES

Railway Technology and Infrastructure Delivering advanced solutions to meet the evolving needs of the railway industry:

## Lease & Sale of Rolling Stock:

Lease and sale of rail's own assets includes Locomotives, freight wagons, and a huge fleet of railway construction and maintenance machines (yellow machines).

## Repair, Maintenance and Operation:

Comprehensive services for maintenance, repair, refurbishment, and overhauling of rolling

## Design, Engineering & Consultancy:

Specialized in design, engineering, feasibility studies, project management, and inspections.

## Track Construction & Maintenance:

Construction and maintenance of railway tracks, workshops, signaling, and telecom systems.

## Supply:

Provision of railway materials, systems, tools & equipment, spare parts, workshop machinery, signaling, telecom, and security systems.

# PARTNERSHIPS & COLLABORATIONS

Our success is driven by strategic alliances with top global technology providers, enabling us to deliver innovative solutions.

# AUTHORIZED REPRESENTATIVES

**Initial Concept Solutions, UK**  
Pioneers in CCTV systems for Railway.

**Saarstahl Rail, France**  
(Ex-British Steel/Plate Steel/Corus) Manufacturers of railway flats.

**Elektro-Thermit GmbH & Co.KG**  
(A GoldSchmidt Group), Germany  
Manufacturers of Thermit welding materials, tools & equipment.

**Vossloh Fastening Systems GmbH, Germany**  
Manufacturers of Vossloh type Fastening System W94 001, W94-020, and a wide range of Fastening System for tracks and anc. services.

**edilon||sedra, The Netherland**  
Design, manufacturing and installation of ballast less rail fastening systems with a focus on electrical isolation and vibration attenuation.

**Avantgarde S.r.l, Italy**  
Repair, maintenance, overhauling, refurbishment of railway construction and maintenance machines, locomotives and railway wagons.  
(Supply of spare parts.)

**Lukas, IDEX Corporation, Germany**  
Design and produce the highest quality of re-railing System, equipment, rescue tools and emergency pneumatics.

**Irmie, Italy**  
An engineering and plant construction company present worldwide, at the forefront in design, production and installation of systems for the rail industry and plant engineering in general.

# BUSINESS PARTNERS

## GCF - Generale Costruzioni Ferrovie S.p.A

is a landmark of excellence in the railway infrastructures, electrification and signaling sector. GCF is an operating model capable of offering extremely high productivity, safety and quality standards.

## Egytrans Arabia

A globally recognized logistics company offering the services of Consolidation, Warehousing, Picking, Custom clearance, Chartering, Insurance, Project Logistics, Exhibitions, E-gyproject bonded Storage.

RSF  
SLEEPERS

## Riyadh Sleeper Factory (RSF)

Produces Pre- Stressed Concrete Sleepers using "GARIBOLDI" Production System "with extremely automatic machines guaranteeing high quality of products with minimal human interferences.

## Voestalpine RSKSA

The Technology leader with revolutionary systems manufacturers and providers of Turnout Systems, Track Systems and Digital solutions

## GLEC - GLEC

is a consulting and design firm composed of a group of Architects, Designers, Engineers, and experts who provide solutions to make your projects sustainable

## ROWAD Rail Solutions (RRS)

ROWAD with expertise in the construction of civil infrastructures, industrial structural works and all types of track works, including ballasted, slab tracks, embedded, and elevated systems

## KEY ALLIANCES & AFFILIATES

Railway Consultancy Ltd, UK.

Molinari Rail, Switzerland

Practice Levels Ltd

MECHANICAL AND STRUCTURAL  
DESIGN CONSULTANTS, UK

## RAILWAY EQUIPMENT & FLEET MANAGEMENT

Signon, Germany

Harsco Rail, USA

NRE, USA

Geismar, France

# PROJECTS

---

# MAINTENANCE

**Project** Rebuild of 4 (EMD) Diesel/Electric

**Cleint** Saudi Railway organization

**Duration** 2010 to 2012

# MAINTENANCE

**Project** Sub-Contract for the Rebuild of 15 NRE Diesel

**Cleint** Almoby contracting company

**Duration** 2012 to 2014

# MAINTENANCE

**Project** Sub-contract of maintenance works for power cars of passenger trains for Saudi Railway organization

**Cleint** Almoby contracting company

**Duration** 2013 to 2014

# MAINTENANCE

**Project** Project management for the maintenance of 8 CAF trains

**Cleint** Saudi Railways Organization

**Duration** 2012 to 2013

# MAINTENANCE

**Project** Sub-Contract for modification of over 2000 Wagons Wabtec Hand brakes from manual to automatic, for Saudi Railway organization

**Cleint** Almoby contracting company

**Duration** 2014 to 2015

# MAINTENANCE

**Project** HARSCO-IRULLI sub-contract for warranty based on maintenance and commission of S.A.R equipment

**Cleint** Harsco Rail

**Duration** 7 years

# MAINTENANCE

**Project** Expert Provision for Plasser & Theurer machines maintenance

**Cleint** Saudi Railways company

**Duration** 2016 to 2017

# MAINTENANCE

**Project** Maintenance and Warranty Inspection services of more than 180 Traction Motors for NRE Locomotiv s

**Cleint** National Railway Equipment

**Duration** 2015 to 2016

# MAINTENANCE

**Project** Inspection and maintenance services for Railway track at Wasit & Berri, for Aramco

**Cleint** SAVAGE Arabia

**Duration** 2018 to 2020

# MAINTENANCE

**Project** Commissioning of NRE Shunting Locomotives and Slug of Ma'aden

**Cleint** SAVAGE Arabia

**Duration** 1 Month, 2017

# MAINTENANCE

**Project** Commissioning of Environmental Friendly N-Wiro Locomotives: Aramco

**Client** SAVAGE Arabia

**Duration** 1 Month, 2018

# MAINTENANCE

**Project** Sub-contract for provision of experts for project management of the implementation of GSM-R of HHR railway project

**Client** Indra Arabia

**Duration** 2013 to 2015

# MAINTENANCE

**Project** Construction of a brake overhauling facility with SAR Saudi

**Cleint** Saudi Arabia Railways

**Duration** 1 Year, 2024

# MAINTENANCE

**Project** Commissioning of Railway Voestalpine Signalling system. Aramco Wasit

**Cleint** SAVAGE Arabia

**Duration** 1 Month, 2017

# MAINTENANCE

**Project** Design, Supply, installation and maintenance of the K ymile transmission network solution for SRO's railway stations & cargo clearance gates

**Cleint** Saudi Railways Organization

**Duration** 2015 to 2016

# MAINTENANCE

**Project** Provision of experts for Design & review ticketing systems for Riyadh Metro System.

**Cleint** Indra Arabia

**Duration** 2015 to 2018

# MAINTENANCE

**Project** Commissioning of WABTEC Electronic Air Brake System of Ma'aden Locomotives

**Client** Savage Arabia

**Duration** 1 Month 2016

# MAINTENANCE

**Project** Rendered services for execution of Alumino-Thermit welding of rail joints for Ad Damegh on the project of renewal of railway sidings in ARASCO plant near al Kharj

**Client** Saudi Railways Organization

**Duration** 2012 to 2016

# OPERATION

**Project** Provision of experts for the new signaling and telecommunications project

.....  
**Client** Saudi Railway organization

.....  
**Duration** 2009 to 2012

## DESIGN, ENGINEERING, PROJECT MANAGEMENT AND CONSULTANCY

**Project** Inspection of 6000 rolling stock wheels, 2011

.....

**Cleint** Romania

.....

**Duration** 4 months, 2011

## DESIGN, ENGINEERING, PROJECT MANAGEMENT AND CONSULTANCY

**Project** Project management of the manufacturing of 8 high-speed passenger trains by CAF, Spain

.....

**Cleint** Saudi Railway organization

.....

**Duration** 2009 to 2014

## DESIGN, ENGINEERING, PROJECT MANAGEMENT AND CONSULTANCY

**Project** Project management of the manufacturing of 10 Dies | Electric Locomotiv s by CSR

**Cleint** China

**Duration** 2010 to 2014

## DESIGN, ENGINEERING, PROJECT MANAGEMENT AND CONSULTANCY

**Project** Feasibility study for an intermodal dry port, (Partner: The Railway Consultancy, UK.)

**Cleint** Saudi Railway organization

**Duration** 6 months 2011

## RAILWAY PROJECTS

- ⚙️ Supervision and maintenance of CMS for railway systems
- ⚙️ Design and implementation of ticketing systems for metro operations
- ⚙️ Installation of digital recorders and announcers for railways
- ⚙️ Maintenance of telecom base stations for railway track-side systems

## SECURITY PROJECTS

- ⚙️ Development of video surveillance systems for railway locomotives

## INNOVATIVE APPLICATIONS

- ⚙️ **Railway Systems:** Streamlined and efficient solutions for modern rail networks.

# CLIENTS

---

# OPERATIONAL EXCELLENCE

IRIDIUM Railway Services is committed to operational excellence, prioritizing quality, safety, and sustainability in every project.

# QUALITY MANAGEMENT

We are certified under **ISO 9001:2015**, we ensure:

-  Consistent service delivery.
-  Continuous improvement in processes.
-  Strong engagement with clients and stakeholders.

# HEALTH, SAFETY, AND ENVIRONMENT (HSE)

Adhering to ISO 14001:2015 and ISO 45001:2018 we prioritize:

- Environmental sustainability.
- Workplace safety.
- Compliance with international standards.

# VISION FOR THE FUTURE

IRELLI Railway envisions a future of sustainable and innovative railway systems. By leveraging advanced technologies and fostering strong partnerships, we aim to revolutionize railway infrastructure and contribute to smarter, more efficient transportation solutions.

Together, let's innovate for a smarter tomorrow.
